TACTICAL
SAFETY EYEWEAR

The Hamel has a wrap-around design with a flexible and durable thin-temple frame. Foam nose pads make the glasses easy to wear all day. A brow guard blocks light from above and recessed lens cavities prevent airflow from drying out the eyes. Polarized and Vapor Shield elite performance anti-fog are optional features for this frame. Vapor Shield is a long lasting anti-fog lens that is tested under extreme conditions to guarantee resistance to condensation for clear vision when you need it most. Optional gasket also available.
